

**How to access:** Access is via the access road to the ski center. It is important to know that parking will be greatly affected for the organization of the event. That is why its capacity will be less and the priority will be for vehicles of brokers, exhibitors, etc. That is why the organization recommends that those who can get several people in vehicles so that they do not have to park so far from the event.

On the other hand, a public transport service is being managed so that people can access from VLA without having to do it with their private vehicles.

This information will be on the website [www.ucimastersworldchamp.com](http://www.ucimastersworldchamp.com)

**Places to watch:** The public will be able to access certain places of the routes, while in others their transit is not authorized for security reasons.

These places will be marked and a map with them will be published shortly.

In the case of Downhill, the authorized places and always outside the circuit will be: Start, arrival, PRO line, and 22. You can access the upper part by buying a promotion ticket.

In the case of the XCO, it is designed in such a way that the public can be in the start and finish area and moving from there a few meters will be able to see it pass several times. In addition to this place you can access the area of the raizal. It is NOT authorized to do so in other areas of the route.

**Gastronomy service.** The event will feature an outdoor Foodtrack-type food court, as well as 2 heated restaurants.

Those who want to enjoy the view and the descent route will also find a confectionery in the upper part of the mountain.

**Expo:** During the event there will be an expo where brands and bike shops will be exhibiting and marketing their products.
